Counselor Spotlight:

1 - Hello! I am Leela Magdaleno, I am the new academic counselor for TRIO SSS. I have worked in other TRIO SSS programs in the past, so I am excited to be apart of the OSU TRIO SSS program. I received my bachelors in psychology here at Oregon State University and went on to receive by Masters from Kaplan University. As an undergraduate here at OSU, I realized that I had a stronger interest in social sciences. What I am most looking forward to this year is building a connection with the TRIO students, helping them hunt for information and be successful. One thing I love to do is hunt for information, such as helping students seek for internship and resources.

What do you like to do during your free time?

What I like to do during my free time is yoga, dance and gardening during the summer time.

What is one interesting fact about you?

I once lived in a dairy farm in Brazil, so I helped milking cows.

Student Spotlight: Jia Yi Li (Jayee)

Hello,

My name is Jia Yi Li (Jayee), and I am from Portland, Oregon (as of right now). I was born in China but raised in Puerto Rico and Portland. I am currently a junior here at Oregon State University and majoring in Electrical Engineering with a minor in Computer Science. Why did I decide to come to OSU? Because I couldn't afford out of state tuition! Meanwhile, I was also selected as Ford Scholar so I decided to stay in state and do not really have to worry the extra financial burdens.

I came across TRIO when I was looking for programs to join at OSU before I actually came here because I am a first-gen student, and I did not know much about college and the ways to get involved. I am very happy that I became a part of the TRIO program because I met some of the very first friends (maybe the only friends, jk) that I met at OSU through the summer bridge program. TRIO has definitely enhanced my college experience by providing many fun activities and informational workshops throughout the school year! My favorite TRIO activity was the skiing activity, although I fell many times (I mean no pain no gain, right?).

As a first-gen student, I wanted to be more involved on campus and to help other students as well. Therefore, during my freshman year, I served as the President of the Hall Council in my residence hall (ILLC). I helped planning events for my hall and connecting residents in my hall with the OSU community. I continued to serve on-campus student residents by becoming a Resident Assistant in Bloss Hall and joined Engineers Without Borders in my second year. This past summer, I studied abroad in Barcelona, Spain and Beijing, China. These study abroad experiences were life changing experiences. I met people

from all over the world, experienced different cultures, and ate A LOT of amazing food! I would recommend all of you to step out of your comfort zone to go abroad and experience the amazing things that are happening outside of the US! Now, in my third year, I partake in the OSU AIAA - USLI team (a rocket team) and volunteer in Avionics subteam to collect flight data and transmit electronic communications to different parts of the rocket. I also work as a Peer Educator in Student Leadership and Involvement. I help student get involved, facilitate leadership workshops and oversee student clubs and organizations at OSU. So, if you are looking for ways to get involved at OSU, do not hesitate to come see me in Student Experience Center 108!
